

Safe and sound™ WITH 9 MM AND 5.56 MM SecuriBlank® Quiet

Simunition® is the world leader in safe, realistic and interactive short range training ammunition. Simunition® family of non-lethal training cartridges have been in use worldwide by military, law enforcement and approved range members for over 20 years. The SecuriBlank® Quiet, our most recent training cartridges, set a new standard as the world's safest, soundless blank cartridges.

The SecuriBlank® Quiet Blank rounds allow for training at extreme close ranges without the effects such as muzzle blast and excessive noise levels. This environmentally friendly cartridge, free of any heavy metals is safe for you and the environment. With no gas discharge, our SecuriBlank® Quiet can be shot at very close range without damaging human tissue or even paper. It is truly the safest and cleanest blank available today. The SecuriBlank® Quiet will revolutionize the way Concealed Carry Weapon Instructors conduct training in the classroom.

Realistic handgun retention drills with 360 degrees of freedom of movement

In classroom, for firearms familiarization, safe weapon handling

For extreme close proximity interactive scenarios

SecuriBlank® Quiet have many impressive features:

- Non-toxic primer
- No flash or noise, only the sound signature of the weapon cycling
- Cleaner than conventional blanks, no fouling of the weapon
- Safer blank, no unburnt propellant, no ejected particles
- Realistic recoil

Advantages:

- Minimal protective equipment, only range certified eye protection required
- No Blank Firing Attachment (BFA) required
- Convenient for training any time, any place, indoors and outdoors
- Affordable
- Simple and fast clean up, this round is not required to be handled as hazardous waste
- SecuriBlank® Quiet is distributed worldwide exclusively through the Simunition® network

Functions in Simunition® Weapon conversion kit:

- User-friendly installation; no tools required for temporary conversion
- Safe design helps preclude the firing of live, lethal ammunition
- All firing modes

SecuriBlank® Quiet are ideal for various types of training:

- In classroom, for firearms familiarization, safe weapon handling and realistic handgun retention drills virtually anywhere with 360 degrees of freedom of movement
- For extreme close proximity, dynamic force-on-force training exercises and interactive scenarios
- For ground fighting techniques
- With interactive video-based simulator systems
- In sensitive areas, where only the SecuriBlank® Quiet can be fired for safety reasons.

Simunition® FX® Scenario Instructor and Safety Certification Course

- Highly qualified professional trainers;
- Offered worldwide: check our website at simunition.com for more information on available courses.

SIMUNITION, Safety as The Standard™

Safe and sound™ WITH 9 MM AND 5.56 MM SecuriBlank® Quiet

COMPONENTS	9 mm SecuriBlank® Quiet (PN 5306005)	5.56 mm SecuriBlank® Quiet (PN 5359107)
