SIMUNITION

THE SIMUNITION® TRAINING COMMUNITY

For well over a decade thousands of top-rated Law Enforcement and Military Instructors have exclusively used our proven World Class Simunition® Training System. This opportunity is now available to responsible law-abiding citizens! You will now be able to conduct the most realistic force-on-force reality based training exercises in your classes. With the **Simunition® Training System**, classroom instruction has never been as realistic as now!

TRAINING FOR THE REAL WORLD®

The key to effective training is realism. With the **Simunition® Training System** you can condition your students to **improve critical skills** and their decision making ability under stressful conditions. Scenario based training ensures students apply proper tactics and techniques to critical problems in real time and under realistic conditions. Repeated exposure to realistic training conditions students to perform more efficiently under real world critical stress.

FLEXIBILITY AND SAFETY DURING TRAINING

The Simunition® Training System enables students to use their weapons, modified with Simunition® conversion kits, in non-lethal, **force-on-target** and **force-on-force** scenarios practically anywhere. Your students will be able to train as close to reality without compromising range safety. Conversion kits are available for the majority of the handguns owned by responsible citizens. In addition, Simunition® also offers conversion kits for the M16/M4 series of rifles as well as the 12 gauge pump action shotgun.

REQUIREMENTS TO BECOME PART OF THE SIMUNITION® RANGE PROGRAM

- Proof of \$2 million liability insurance annually;
- Formal agreement to not resell our products;
- Firearms Instructor credentials from one of the following certified bodies (NRA, Military, Law Enforcement, Technical College or Private Industry ie., Sig Academy, Smith & Wesson Academy, Gunsite to name a few);
- Mandatory attendance and successful completion of our Simunition® Scenario Safety Course;
- Agree to follow the Simunition® Safety Guidelines;
- Agree to purchase the full FX® Training System including the ammunition, conversion kits and Protective gear.
