# CONVERSION KITS FOR GLOCK FAMILY OF PISTOLS

TRAINING FOR THE REAL WORLD®

## SIMUMITION® PISTOL CONVERSION KIT

The Simunition® Pistol Conversion Kit allows the FX® Marking Cartridges and SecuriBlank® Cartridges (Loud and Quiet) to be fired safely from the user's own service weapon. This operator-installed kit diminishes the possibility of firing live lethal ammunition and ensures the proper operation and cycling of the weapons through a direct blow back action.

The conversion kits are an integral part of the FX® training system along with the FX® Marking Cartridges, the FX® Personal Protective Equipment and the Simunition® Scenario Instructor Safety Course.

Weapons can be converted back to operational status once training is over. The kits are made from the same type of high-strength materials as duty weapons and are designed with various safety features to diminish the possibility of firing live lethal ammunition.

## TECHNICAL SPECIFICATIONS

### Pistol Conversion Kit for:

Glock 17/22/35 Gen 3 (Improved)	Part Number: 5312600
Glock 19/23/45 Gen 3 (Improved)	Part Number: 5312610
Glock 17/22/35 Gen 4	Part Number: 5312000(NON-MOS) / 5313870 (MOS)
Glock 19/23/45 Gen 4	Part Number: 5312025(NON-MOS) / 5314340 (MOS)
Glock 17/22/31/35 Gen 5 (MOS)	Part Number: 5314350
Glock 19/23/45 Gen 5 (MOS)	Part Number: 5314370
