

SIMUNITION®

7.62 X 51MM SECURIBLANK® LOUD

SAFE AND SOUND™

WORLD LEADER IN REALITY-BASED TRAINING

Simunition® is the world leader in safe, realistic and interactive short range training solutions. SecuriBlank® Loud sets the standard as the world's safest blank cartridge.

SecuriBlank® Loud is designed using the Simunition® patented reduced-energy technology and works with a weapon conversion kit, increasing safety and ensuring proper weapon functioning. SecuriBlank® Loud joins the FX® Marking Cartridge to complete the Simunition® family of non-lethal, reduced-energy training cartridges.

THE SECURIBLANK® LOUD HAS MANY IMPRESSIVE FEATURES

- > Designed for military, law enforcement and approved range programs
- > Non-toxic cartridge
- > Reduced propellant charge
- > Cleaner than conventional blanks, greatly reduces weapon fouling
- > Safer blank, virtually eliminates unburnt propellant and ejected particles from the muzzle of the weapon
- > Realistic recoil
- > Functions in Simunition® converted service weapons
- > Also available in 9mm and 5.56mm calibers

ADVANTAGES

- > No Blank Firing Attachment (BFA) required
- > Convenient for training any time, any place, indoors and outdoors
- > SecuriBlank® Loud is distributed worldwide exclusively through the Simunition® network

7.62 x 51mm

WEAPON CONVERSION KITS FEATURE:

- > User-friendly installation; no tools required for temporary conversion
- > Safe design diminishes the possibility of firing live, lethal ammunition
- > All firing modes, weapon dependent
 - Single shot, burst and fully-automatic modes

THE SECURIBLANK® LOUD IS IDEAL FOR VARIOUS TYPES OF TRAINING

- > With interactive video-based simulator systems
- > Reality-based, force-on-force interactive scenarios
- > Weapon safety handling training
- > Compatible with most Multiple Integrated Laser Engagement Systems (MILES)
- > With K-9 teams
- > For firearm familiarization
 - > In sensitive areas, where not even FX® Marking Cartridges can be fired for safety reasons
 - > When full PPE is not feasible during training scenarios — only safety glasses and single level hearing protection required

SIMUNITION® FX® SCENARIO INSTRUCTOR AND SAFETY CERTIFICATION COURSE

- > Highly qualified professional trainers
- > Courses are offered worldwide. Visit www.simunition.com for more information on available courses

COMPONENTS

7.62 X 51MM SECURIBLANK® LOUD

Cartridge case	Aluminum
Sabot	Aluminum
Primer	Small rifle ToxFree® primer
Propellant	Single or double-base smokeless powder

BALLISTIC DATA*

Muzzle Energy	Approximately 0.1joule (0.07ft-lb)
---------------	------------------------------------

TERMINAL EFFECT

Lethality	No perforation of witness paper at 1m (3ft)
-----------	---

USE

General	For use with Simunition® conversion kit only
Operational temperature range	-8° to 40°C (18° to 104°F)
Mandatory Personal Protective Equipment Simunition® Approved	Manufacturer's policy requires users to wear approved eye and ear protection when using SecuriBlank® Loud Cartridges. Refer to www.simunition.com for additional information.
Firing modes	All firing modes, weapon dependant
Weapons	Please refer to www.simunition.com for a detailed listing of all available models
MILES systems	Compatible with most MILES systems

STORAGE

Recommended storage	Cool, dry environment, 25°C (77°F) max.
Shelf life	Five years, in original packaging
Warranty	One year

* Dimensions, weights and velocities are nominal. Values are dependent on type of weapon, barrel length, rifling, cleanliness, etc.
