SIMUNITION®, Pioneer of Non-Lethal Realistic Based Training

SINCE 1992, SIMUNITION® HAS BEEN THE PIONEER AND WORLD LEADER IN PROVIDING MILITARY, LAW ENFORCEMENT AND APPROVED RANGE MEMBERS WITH THE MOST REALISTIC AND **NON-LETHAL** REALISTIC BASED, SIMULATION TRAINING SYSTEM.

For over 30 years, military and police officers around the world have placed their trust in Simunition® to deliver realistic training.

Professionals whose lives depend on the best training possible know that they can always count on Simunition® FX® marking and SecuriBlank® ammunition to provide them with the most effective close range, reality-based training system.

The FX® system is comprised of FX® and SecuriBlank® training ammunition, conversion kits and personal protective equipment. All three of these essential components are supported by a comprehensive Simunition® Scenario and Safety Certification Training Course.

INTEGRATED REALISTIC BASED TRAINING SYSTEM

- / Fully integrated training system
- / Top of the industry for quality and reliability
- / Realistic based training without the associated danger
- / Training ammunition designed to function in Simunition® converted weapons

FX[®]

FX[®] MARKING and NON-MARKING CARTRIDGES

- / DESIGNED FOR UNSURPASSED PERFORMANCE WITH SIMUNITION[®] CONVERSION KITS ONLY
- / NON-TOXIC AND **NON-LETHAL** CARTRIDGE
- / VISIBLE AND PHYSICAL IMPACT AWARENESS ALLOWS ACCURATE ASSESSMENT OF SIMULATED LETHALITY
- / USED WITH FX[®] PERSONAL PROTECTIVE EQUIPMENT, INCLUDING MANDATORY HEAD, THROAT AND GROIN PROTECTION
- / REACH COMPLIANT

TECHNICAL SPECIFICATIONS >

FX[®]

SUPERIOR FX[®] MARKING COMPOUND

- / THE FX[®] MARKING AMMUNITION IS KNOWN AS «THE WORLD'S MOST REALISTIC CLOSE-RANGE COMBAT TRAINING SYSTEM»
- / SAFEST NON-LETHAL PROJECTILE TECHNOLOGY THAT ENSURES OPERATOR SAFETY WHILE MAXIMIZING OPERATIONAL PERFORMANCE
- / SIMUNITION[®] MARKING COMPOUND IS UNMATCHED IN THE INDUSTRY
 - _Excellent washability in cold water
 - _Marking imprint highly visible
 - _Cost effective for infrastructure and equipment maintenance
 - _Available in six colors
 - _Reach compliant

FX[®] PROJECTILE TERMINAL EFFECT

- / **FOR ALL CALIBERS, THE PATENTED FX[®] PROJECTILE DESIGN** is unique in the industry and engineered to maximize accuracy down range and provide unsurpassed safety to the operators
- / **FOR NON-LETHAL TRAINING AMMUNITION**, a trade-off will always exist between muzzle velocity and impact safety
- / **ACCURACY** is maximized down range by achieving higher muzzle velocities than our competitors while remaining safe on impact with a mushrooming soft polymer projectile
- / **UNSURPASSED OPERATOR SAFETY** is achieved by a series of innovative design features that are activated upon initial contact with target

FX[®] PROJECTILE TERMINAL EFFECT

01

IN FLIGHT

Projectile is spin stabilized up to effective engagement range.

02

ENERGY DISSIPATION ON IMPACT BY DEFORMATION

Upon initial contact, impact energy is partially transformed into projectile deformation energy; hence slowing down the projectile.

03

MARKING COMPOUND EXPELLED

Deformation of the FX[®] projectile expels the marking compound through the star shaped openings.

04

LARGER PROJECTILE DIAMETER FOR NON-PENETRATION SAFETY

Final impact energy is then transferred on a much larger impact diameter that serves two purposes:

- / Distributes impact force over a larger surface
- / Increases diameter of projectile to ensure non-skin penetration performance

SIMUMITION® CERTIFIED PERSONAL PROTECTIVE EQUIPMENT

Simunition® is the world's most realistic and effective interactive training system, allowing force-on-force scenarios where participants can safely fire FX® marking cartridges at one another.

In order to reduce the risk of injury during these highly dynamic scenarios, Simunition® has developed a full line of protective equipment for all individuals.

This equipment is an integral part of the FX® training system.

ADVANTAGES

- / Designed, tested and approved to withstand SIMUNITION® FX® marking cartridges
- / Allows safe and realistic interactive training
- / Lightweight; comfortable and adjustable
- / Reduced pain penalty
- / Ability to act as you are hit
- / Good marking imprint characteristics
- / Easy to wash and dry

FX® 9002 HELMET HEAD PROTECTOR

MANDATORY EQUIPMENT

The one-piece **FX® 9002 Helmet**, Head Protector provides complete head protection and can be worn with eyeglasses. The shell of this easy-to-clean head protector is produced from high-quality material and comes with two adjustable straps. Lenses are tested for impact resistance according to ANSI Z87.1 and EN166 standards, for additional details, contract your SIMUNITION® distributor.

*Blue rubber deflector available for purchase as a spare part (8971292SP).

FX® 9003 HELMET HEAD PROTECTOR

1

MANDATORY EQUIPMENT

The **FX® 9003 Helmet**, Head Protector provides proper cheek well for improved target aiming. It is adaptable with most type of service helmets and is compatible with most Night Vision Goggles. It has optimal breathability and lens airflow as well as hearing and voice transmission capability. This head protector can be worn with most personal prescription corrective eye wear frames and accommodates ESS® and Revision® RX corrective vision inserts. It comes with a removable modular hard top for users without service helmet. It is comfortable, lightweight, easy to clean and one-size fits all.

Lenses are tested for impact resistance according to ANSI Z87.1 and EN166 standards, for additional details consult: Assessment Tests Performed on Simunition® FX® 9002 and FX® 9003 Goggles on Simunition® Extranet Site.

*9003 Helmet Head Protector until supplies last.

FX® 9004 HELMET HEAD PROTECTOR

1

CERTIFIED FOR USE WITH SIMUNITION® FX® AND **FORCE® FORCE** MARKING AND NON-MARKING TRAINING CARTRIDGES

MANDATORY EQUIPMENT

The **FX® 9004 Helmet**, Head Protector is designed to improve breathability, fogging and hearing capability and also to prevent projectile particles from entering the helmet. The 9004 Helmet Head Protector provides proper cheek well for improved target aiming and is adaptable for most types for service including the use of night vision goggles. Most person prescription corrective eye wear frames can be accommodated. One size fits all.

The **FX® 9004** has all the capabilities and features of the FX® 9003 plus the above. All foam inserts are closed cells and are removable for easy cleaning. All components of this helmet can be taken apart quickly without tools for easy maintenance and cleaning.

Lenses are tested for impact resistance according to ANSI Z87.1 and EN166 standards, for additional details consult: Assessment Tests Performed on Simunition® FX® 9002 and FX® 9003 Goggles on Simunition® Extranet Site for additional details contract your SIMUNITION® distributor.

SIMUMITION® SAFETY CERTIFICATION COURSE

SIMUMITION® SAFETY COURSE IS PART OF
THE SIMUMITION® INTEGRATED TRAINING SYSTEM

TRAINERS WITH REAL EXPERIENCE

Top-rate instruction starts with top-rate instructors. Our trainers have extensive military and law enforcement experience, and are completely versed in all aspects of the Simunition® training program.

REAL-WORLD SCENARIOS

Half the time is spent in class covering technology, training methodology and scenario design. The rest of the course is spent performing the scenarios that were developed in class.

REAL WEAPONS

The instructor allows participants to use their service weapons modified with Simunition® conversion kits, in non-lethal, force-on-force scenarios.

Conversion kits are available for the majority of law enforcement and military weapons, including most pistols, revolvers, shotguns, sub-machine guns and the complete M4/M16/AR-15 family of rifles and carbines.

REAL INFORMATION

Our course offers the only General Dynamics Authorized training class, you get the most complete and up-to-date information on the whole Simunition® training system comprising of the FX® marking munitions, the Simunition® weapon conversion kits and the Simunition® personal protective equipment. You also receive information on all our reduced and full energy training rounds.

SAFE TRAINING SYSTEM

Safety is our number one priority. All participants will learn how to safely run scenarios, establish a secure training perimeter and use all mandatory and optional protective equipment.
